A Handsome Book Descriptive of Texas Issued by the Missouri Pacific.

What Henry Clews & Co. Have to Say About Railroa Matterds-Listing of New Stocks on Wall Street.

Home Notes.

Despite the adverse circumstances under which the railroads of the country labored during 1888, the output of rolling stock exceeded that of 1887, and also that of any preceding year. The record shows 2180 locomotives, 82,190 freight ears and 2471 passenger ears. In 1887 there were 2044 locomotives, 30,201 freight and 730 passenger cars.

THE GAZETTE is in receipt of a handsome little book entitled Summer and Winter Health and Pleasure Rewhich is issued the general passenger department of the Missouri Pacific railway. Beginning with St. Louis the author has written up many of the cities, towns and resorts along the line of the Missouri Pacific, Missouri, Kansas and Texas Texas and Pacific, A number of fine illustrations of buildings, scenes and resorts in Texas are found in the work. The work contains 140 pages, and the company deperves credit for the splendid manner in which it has placed Texas before the

Boston reports say that official assurances are given that the net floating debt of the Atchison has not been recently increased. The Chicago terminals have cost \$5,500,000, for which bonds have been issued and sold. The total cost will be about \$6,500,000. Atchison had to advance money for fixed charges for several branch lines, but outside of Sonora interest such advances are charged to income account, not to fixed chargges. This is said to be a wise plan, as this year Atchison received \$2,-000,000 for advances to Atlantic and Pacific. The present bookkeeping method is said to prevent the publication of earnings and expenses of the 4000 miles not reported. The new auditor of Atchison is quoted as saying that with the money from the \$7,000,000 notes paid in the 1, 1889, except these notes.

The financial circular of Henry Clews & Co. of date January 21, has the following: The situation in Wall street shows wanting in features of particular encourdividend, although not any great surprise, acted not only as a damper upon the whole market but also served to draw | their investigation. fresh attention to the demoralized condiof railroad affairs and tion counteract whatever buoyancy happened to be developing itself. The truth is, stocks have not yet recovered from the war of rates which prevailed in the latter portion of 1888; and, while insiders may have been fully aware of the havoc made in earnings, net and cross, the outsiders are only just beoming more familiar with the extent of hese losses as the facts become better cnown. The Financial Chronicle pubishes a statement of gross earnings on seventy-six roads in November; these earned \$40,886,000 gross and \$14,203,000 net: the latter a decrease of \$1,413,000 month in 1887. On seventy-two from Mexico: of these roads, including all the great trunk lines of the country , the gross | John S. Alexander, Esq., San Antonio: earnings from January 1 to December | DEAR SIR-On his recent visit to this 1 were \$395,900,000 in 1888 and \$382,- city, Dr. Ornelas, our counsul at San 800,000 in 1887, an increase of \$13.100 .- | Antonio, handed me your courteous and | per annum.

000; but net earnings were only \$128,-800,000 in 1888, compared with \$140,-200,000 in 1887, a decrease of \$11,400,000 in eleven months. Considering the increased capitalization of many roads, this loss in net earnings is all the more significant, and the wonder is that stocks and all classes of railroad securities have not suffered even more severely. These figures demonstrate the urgency of concerted action among railroad managers, as well as the absolute necessity for devising some means of restraining reckless competition in rates and keeping new construction within reasonable limits. The agreement of January 1, according to the latest accounts, is receiving additional signatures, but has not yet been formally adopted, and it is still an open question as to how rigidly its provisions can be lived up to. We do not doubt the sincerity of the parties to this agreement, nor can we avoid commending its purposes; still we doubt if a railroad millenium is so close at hand as many suppose; and there may be just as much difficulty in restraining capitalists from going too freely into new railroad enterprises, so long as the bankers can be found to negotiate their securities, as to compel managers to maintain rates while smaller and less responsible competitors can reap a benefit through cutting under established rates.

Receiver Appointed.

Special to the Gazette. McKinney, Tex., Jan. 23 .- Judge H. O. Head to-day appointed W. T. Nevins receiver of the Denison, Bonham and New Orleans railway company. The application was made by the First National bank of Denison.

Maj. Camp, an ex-employe of the Missouri Pacific offices at Dallas, who resides here and has been momentarily expected to die for some time, is convalescing with good hopes for his recovery.

To Use a Little Compulsion.

CHICAGO, ILL., Jan. 23 .- A local paper says: When the inter-state commerce commissioners a few weeks ago laid down the law to the managers of the various roads centering in this city they expected their recommendations would be complied with and the illegitimate and uncompany will have no floating debt March | lawful practices resorted to in the transaction of their 'passenger business would be abandoned. The Success of the International Fair Calls Forth Congratulations From Mexico's President.

esteemed letter of November 30 last, in which you are kind enough to allude to his co-operation toward giving an international character to the San Antonio exposition, and to thank me for having sent that artillery battalion band of which you make flattering encomiums, and also to congratulate me on my election to the presidency of this republic. It has caused me great pleasure to hear from you that the success of the interesting exposition over which you so ably presided was in part due to the contingent sent by the state of Nuevo Leon, but my satisfaction grows when you inform me that this fact, together with the presence of the Mexican military band awakened in the numerous visitors to the exposition expressions of a cordial feeling toward Mexico. Such a result is the happiest that could be desired for the future relations of amity existing between our two peoples. I beg to offer my sincere congratulation on the success so greatly due to your efforts and with a feeling of gratification at the expressive and complimentary remarks with which you favor me. I take pleasure in subscribing myself cordially and respectfully yours, PORFIORI DIAZ." [Signed]

THE COMO SOCIAL CLUB.

A Grand Masquerade Ball on the Tapis for St. Valentine's Day.

At the last regular meeting of the Como Social club, an organization composed largely of our German-American citizens, it was decided to celebrate St. Valentine's day by giving a grand masquerade ball at Huffman's hall. Arrangements for the costumes, which will be unique and elegant, have been made and the committees have already began the work necessary to make the affair a success. The committees: Printing and masks-E. Hoeffle and L. DeMouche; hall-O. Nowak and R. Kuhn; musie-L. H. Schubert and C. D. Riemietz; supper-R. Kuhn, C. Weisse and R. Nowak; invitations-E. Hoeffle, J. Schmidt, Jr. The president is ex-officio chairman of all the committees.

The Como club is growing rapidly. At its last meeting nine persons were admitted to full membership and five to honorary membership.

THE NORTHWESTERN.

The Committee After a Hard Day's Work Adds a Few Thousand Dollars.

With energy worthy of greater success the committee soliciting for the bonus to the Fort Worth Northwestern went to work yesterday morning and did not cease working until night. At the close of the day the total amount subscribed was \$31,000 and the members of the committee say they have about made the rounds. They have met a number of wealthy citizens who refuse to give a dollar. One of the committee is so discouraged that he has given up his efforts. Another canvass will be made to-day. On the list of subscribers are the names of several gentlemen who do not own real estate in this city, but who give \$500 each to secure this road.

AT THE PLAY.

J. K. Emmet as Fritz at the Opera House Last Night.

There was a large audience at the opera house last night to see J. K. Emmet in Our Fritz. The play is about the same it has been for twenty years past, but Mr. Emmet for some reason does not throw the same soul into it as in former years. To many his singing was a disappointment, but his dancing is as graceful as ever. The support outside of Miss Barrington and the three little chidren was not good. The play will be repeated to-night.

The Spring Palace.

The committee soliciting for subscriptions to the stock of the Texas Spring Palace was working yesterday, notwithstanding the rain, and added several hundred dollars to the amount pre-15@18c; centrifugals, strictly prime, 24@25c; good prime, 20@21c; prime, 18@19c; good fair, 17e; fair, 16e; common to good common, 13@15e; viously reported. Patriotic Texans who believe in their state and desire to see it grow will be liberal in the amount of stock taken. A meeting of all citizens will be held at Huffman's hall grand enterprise.

MINNEAPOLIS, MINN., Jan. 23 .- Indications are that there will be no more prize fighting in this city for the present. After the Cardiff and Fell contest last night there was an incipient row in the rink, which led the city authorities to consider seriously the policy of stopping all fistic exhibitions, and to-day an ordinance making a prize fight, or the making or acceptance of a challenge a penal offense was introduced in the state legislature, and will probably become a law.
